1. Lead Pastors Report

As we reflect on this past year, our hearts are filled with gratitude for God's faithfulness and the incredible privilege of serving alongside each of you. Each story of salvation. Every act of service. Each one who faithfully gave, prayed, and followed Jesus creates a culture where we are seeing lives transformed as a testimony to what Jesus is doing through Lifecentre Church.

Our vision continues to inspire everything we do: A world whose heart beats for Jesus.

This is more than a statement, it is the future we are believing God to see. We long to see individuals, couples, families, cities, and nations awakened to the love and leadership of Jesus Christ. Our mission remains our daily pursuit: Creating space to share Jesus with every heart. Our annual report enables you to specifically see how you created space.

Personally speaking, we wish to create space to honour Pastors Barry and Joyce who, without their faithfulness Lifecentre Church would not be here today. We would also wish to thank our entire staff team at Lifecentre, with a special mention to Pastors Gabe, Rhonda, Mitch, Geoff, and Ingrid. Each of you, with your unique contributions, inspire us daily to keep leading well.

Whether through conversations happening one-on-one throughout the week, our Services, Groups, Kids, Student ministries, Lifecentre Care or College, our desire is to intentionally create environments where people can encounter Jesus and grow in following Him.

As we have prayed and sought the Lord for direction, He has continued to shape our priorities. This year we have embraced four prayerful objectives that will guide us into the future.

1. Adjusting from an Over-Sensitivity to Others and an Under-Sensitivity to the Holy Spirit.

We believe God is calling us to lead with greater spiritual clarity and courage. While loving people well will always remain central to who we are, we recognize the importance of ensuring our decisions are first shaped by the leading of the Holy Spirit rather than by the opinions, expectations, or pressures around us. Our prayer is that Lifecentre would become increasingly Spirit-led, quick to obey His voice, bold in faith, and fully surrendered to His direction.

2. Maximizing Services and Multiplying Campuses

We believe God has entrusted us with opportunities to reach more people than ever before. Our commitment is not simply to increase attendance but to increase access, to create more opportunities for people to encounter Jesus through vibrant worship experiences, healthy ministries, and expanding Campuses. Every new service and every future Campus exists for one purpose: reaching people with the hope of Christ.

3. Increasing Our Sending Capacity Through Lifecentre College

We are passionate about raising and releasing leaders. Lifecentre College continues to play a vital role in equipping disciples, developing ministry leaders, and preparing men and women to impact churches, communities, workplaces, and nations. Our prayer is that we would not simply gather people but send them, filled with faith, grounded in God's Word, empowered by the Holy Spirit, and ready to fulfill His calling.

4. Caring Well for Our Church and Our City

Jesus demonstrated that loving God and loving people cannot be separated. We remain committed to caring deeply for every generation within our church family while also serving our city with compassion, generosity, and practical love.
Whether through pastoral care, community partnerships, outreach initiatives, benevolence, or simply being present where people need hope, we desire Lifecentre to be known as a church that genuinely reflects the heart of Jesus.

Looking Ahead

We believe our greatest days are not behind us, they are ahead of us. As we move into the coming year, we do so with faith rather than fear, expectation rather than uncertainty, and confidence that Jesus continues to build His Church.

Once again, thank you to every volunteer, staff member, ministry leader, Council member, giver, and each one who calls Lifecentre their local church. Your prayers, generosity, sacrifice, and faithful service are actively making eternal difference.

Together, we will continue believing for a world whose heart beats for Jesus by creating space to share Jesus with every heart. May we remain faithful to His calling, sensitive to His Spirit, courageous in our mission, and unwavering in our love for people.

Believing Together,
Jason & Lori Boucher

2. Administrative Pastor Report

What an incredible year it has been! It continues to be an absolute honour to serve our church and witness God's faithfulness across each of our campuses. Behind every service, ministry, event, conference, and gathering are people faithfully stewarding what God has entrusted to us as we continue creating space for people to experience Jesus.

This year, we continued to expand, adapt, and refine our ministry spaces through repairs, painting, renovations, and ongoing improvements. We can see the fruit of these investments as our rooms are increasingly used throughout the week for LifeGroups, training, meetings, ministry, and lots and lots of kids and students! Our buildings are tools for ministry, and we want them to remain welcoming, functional, and ready for everything God is doing.

A special thank you to Stéphane Sabourin, our Property Manager, and each of our Property Assistants who faithfully clean, reset, prepare, repair, and care for our campuses. Much of your work happens when nobody is watching, but its impact is experienced by thousands of people every week. Thank you!

I am equally thankful for each of our Administrative Assistants, Technical Assistants, and Campus Administrators. As Lifecentre grows, so does everything required to support it. From processing donations, invoices, registrations, and purchases to supporting events and conferences, this team keeps an incredible amount moving. This year, they have also continued strengthening our security, network, technology, and building access systems to safely and effectively support all that is happening at Lifecentre. Thank you for your diligence, flexibility, problem-solving, and wholeheartedness!

Another privilege of my role is leading Lifecentre Care and seeing our partnerships throughout the community continue to grow. Our small but mighty Care team faithfully serves individuals and families through our Food Bank while this year launching our new CityServe Warehouse. Together, we are rescuing and stewarding food, clothing, household goods, and other gifts-in-kind, getting them where they can make a difference. It has also been great to see these resources support Lifecentre ministry spaces, events, and initiatives throughout the year.

A sincere thank you to our Outreach Coordinators serving the Food Bank and CityServe. The way you welcome people, build partnerships, and serve our community with dignity and the utmost respect reflects the heart of Lifecentre.Care. We are making a difference!

Financially, we have seen beautiful faith-filled steps at each campus through generosity. One incredible example was our 2025 Care Campaign, where more than $50,000 was given to help care for families both within Lifecentre and throughout our surrounding communities. I continue to be blown away by the generosity of our church family.

I am thankful for another God-filled year of true stewardship from our entire team. From assistants and administrators to ministry leaders and Campus Pastors, we have worked

together to use our resources wisely, make ministry happen, and responsibly prepare financially for future years.

Stewardship is not simply about spending less. It is about faithfully using what God has placed in our hands today while preparing for what He may ask of us tomorrow. As we look ahead, we will continue investing in our buildings, strengthening our operations, and stewarding our finances with wisdom. Most importantly, we will continue building, reaching, and caring well for people, both within Lifecentre Church and throughout our communities through Lifecentre Care.

Thank you for your generosity, trust, prayers, and continued investment in what God is doing through Lifecentre. It is a privilege to steward it alongside you.

The best stewardship is never about what we keep. It is about what God can do through what we faithfully place in His hands.

Believing Together,
Gabriel Gratton
Lead Administrative Pastor

3. Campus Pastors Report

Orleans

It has been an exciting year of growth as God is moving in powerful ways throughout every area of ministry. What an honour it has been for myself personally, as the Orleans Campus Pastor, and our entire Orleans staff team to be part of all that God is doing in our church and in our community.

As we look ahead, we believe the word God is highlighting for this next season is intentionality. We want to be intentional in how we disciple, lead, and prepare for the future as we continue developing healthy and strong leadership teams throughout the church. We want to become even more intentional about discipleship.

Our desire is not simply to see people attend church, but to see people grow deeper in their relationship with Jesus. To become rooted in their faith and to become leaders who can disciple others.

We want to intentionally identify, develop, and release the next generation of leaders and pastors not only for our current growth but also as we prepare for future church planting.

As we continue to grow, we want to establish three healthy, sustainable services supported by strong and growing serving teams.

This will require intentional development of volunteers, leaders, and ministry teams so that we can continue to care well for the people God is bringing to our church. In particular, we desire to grow and establish our volunteer and leadership team for our 12:45PM service with greater intentionality.

We will continue to give the opportunity for 100 people, from our other two services, to commit for one year to serve and attend our 12:45 PM service. This will allow us to create room in our other services, to help relieve some volume in parking while also give what is needed to establish and grow the 12:45 PM service.

One of the biggest highlights of this past year has been the growth of the church. We are seeing growth not only in attendance, but also in spiritual engagement, salvations, baptisms, discipleship, serving, and community.

We have increased by an average of 440 people this ministry year with our LifeKids, students, and the main sanctuary included together.

This growth is encouraging and is also a reminder of the responsibility we have to continue building healthy systems, leadership and ministry teams.

We have also celebrated 121 baptisms this ministry year.
It has been beautiful to see ALL generations represented. These moments remind us that God is moving throughout entire families and generations.

We have had 170 people let us know that they have made a decision to follow Jesus this ministry year! Behind every number is a person, a story, a family and a life being changed by the gospel. There have been many significant moments throughout the year that we are thankful for:

- Hiring a full-time Worship Pastor, Josh Ali, which is a huge step forward for our worship ministry and our church as a whole.
- Incredible conferences and services that have had a significant spiritual impact.
- Continued growth and engagement across the church, including salvations, baptisms, Rooted, and other discipleship opportunities.
- Our first Gift for Kids shopping day, which was an incredible experience and a meaningful opportunity to bless children and families.
- Many LifeGroups have organically launched as a desire and hunger for deeper community has continued to emerge from within the church body.
- Continued growth and engagement in every area of ministry.
- Incredible testimonies of life change throughout the church.

I am also thankful for your engagement as a church family. You have a genuine desire for Jesus, a desire for community, a desire for discipleship and a desire for deeper involvement.

As we enter this next season, please continue to pray for wisdom, protection, and the guidance of the Holy Spirit over our staff and church. We want to lead and care for this precious church family well and we recognize that we need the Holy Spirit's wisdom every step of the way.

Please also pray for a release of the next generation of leaders and pastors. This is important for the growth we are experiencing today, but it is also preparation for what God may have for us tomorrow.

We desire to be intentional.
Intentional about leadership
Intentional about discipleship
Intentional about developing volunteers
Intentional about caring for people.
Intentional about developing the next generation.
And intentional about preparing for what God has ahead.

May together we intentionally grow as we are empowered and dependent on Holy Spirit to guide, lead and direct.
I want to take a moment to thank Pastor Jason and Pastor Lori for their leadership, faithfulness, investment in us as a staff and in our entire church family. Thank you for your love for God, your willingness to continue following God's direction for our church, for the way you lead, the way you serve, for the way you love and for the example you continue to set for all of us.

I also want to give a special thank you to the Orleans staff team. I am so incredibly grateful for each of you. Thank you for your hard work, your faithfulness and for the way

you continue to serve, love and show up for our church family. You each minister from a place of honour and joy as you care, lead and serve our church family that we love deeply. We are together for such a time as this and what an honour to minister with each of you!

To my personal family, thank you for loving me, supporting me, praying for me, and making sacrifices that often go unseen. Ministry impacts the whole family, and I do not take for granted the ways you continue to stand beside me. I am incredibly grateful for you.

A special thank you to our church council for your support, dedication and commitment. We are grateful for your guidance, wisdom, and work behind the scenes to help our church grow and fulfill its mission. I deeply appreciate each one of you.

And finally, thank you to our amazing church family!
Thank you for showing up, serving, praying, giving, inviting, discipling and believing in what God is doing. Thank you for your hunger for Jesus and for the way you continue to engage in the life of our church.

We are grateful for what God has done, excited about what He is doing right now, and incredibly expectant for what is still ahead and it is an honour to do this together! You are an amazing church. We love you, we believe in you, and we are so excited for this next season together.

The best is still ahead!

Believing Together,
Pastor Rhonda Courteau

Kanata

This has been an incredible season at Lifecentre here in Kanata. I first want to take a moment and thank Pastor Jason and Pastor Lori, our Pastors Council and all the Kanata staff for their continued support and prayer. This year has been one of growth and stability for our campus.

Pastors Cassie, Rob and Skylar all continue their excellent ministry within the church. Pastor Rob and Skylar completed their first year with us and are well on their way to 10 :) Pastor Cassie was received her ministry Ordination in May. We had such an incredible release for Pastor Sara as she went on Mat-leave; Shannon came on staff and the transition has been seamless. Pastor Karen is such a blessing to our campus each week.

To all the staff, I so appreciate each of you. In Summer of 2025 we launched a brand-new initiative: Food Fest. It was so fun! And is now a staple of our campus as we welcome everyone back from the Summer festivities. I can't wait to see, and taste, all the incredible meals and desserts from all around the world. Our Nursery was able to be open full-time thanks to all the incredible volunteers and our jr high ministry saw mid-week nights open up once a quarter, allowing for our students to really get to know each other. I am so thankful for every person who said YES this past year. Thank you for being willing to invest in every life that walks through those doors. The gifting and talents of our people are only overshadowed by their kindness.

We want to thank God for his faithfulness in continuing to connect new families to our campus. Planted, Rooted, Water Baptisms and community moments continue to introduce people to the Father and each other. I specifically want to acknowledge our two new small groups that formed in our Young Adults this past year our of a community study.

We pray that God will move powerfully in these spaces in 2026-27. A big thank you to Lindsay, Melanie and our prayer team. Four times over the past year we joined together with our youth, invading their Friday nights for prayer. Each of these moments were 'can't miss' as God showed up faithfully within each generation. Our prayer team also led their first 'Freedom Prayer' at our campus. Thank you to Chantale and Sean who also held their second Grieving group. Kanata is so blessed to be a place that celebrates together, and grieves together. Recognizing that the same God is present in both spaces.

Which leads us to highlight a couple of things that we are really looking forward to here at the Kanata Campus in the coming year. This year we are jumping into three Sunday morning services, as we pray and believe for a new church plant to be launched out of our campus in the West End. We are also launching Lifecentre College, Year One, at Kanata each and every Tuesday night. Thank you to all the new teachers who have said YES and to all our first year students.

To our Kanata Campus. You are so loved and appreciated. On behalf of myself and the Kanata staff, we appreciate your prayers, your encouragement and your servant-hearts. Let's keep: "Moving through the city with our whole hearts."

Celebrating God's Faithfulness in Cornwall

God has been moving in powerful ways across our city this past year. Our weekly campus attendance grew by 30%, while our Next-Gen ministries saw a 75% increase in kids and youth. But more than just numbers on a page, these figures represent real lives being touched by Jesus! We celebrated 18 people making first-time decisions to follow Him, and we had the privilege of seeing 36 individuals take the step of water baptism. This growth has been carried by a passionate church family, 130 volunteers serving faithfully across our teams and 110 people building deep community in LifeGroups.

Stepping into two Sunday morning services last fall created much-needed space for new families. Across every age group, we are seeing a real hunger for God. Our Youth ministry has grown dramatically as students pursue God's presence, and our Young Adults group is overflowing.

None of this happens without people stepping up. First, we want to thank Pastor Jason and Pastor Lori for their steady leadership, faith, and continued investment in our campus. To our core campus leadership team: you are amazing. The love, care, and shepherding you give your serve teams inspires us every single week. We appreciate you more than words can say.

Outreach remains right at the heart of who we are in Cornwall. Opening a new Mobile Mission location opened the door to a whole new part of our city, connecting us with neighbours who are eager to hear the Gospel and build real relationships. At the same time, our Warehouse continues to meet the daily physical needs of people through partnerships with local charities, schools, and partner churches across the Seaway region, making a difference bigger than we could have asked or imagined.

As we look ahead, our focus is clear. The word God has given our campus for this season is PREPARE.

We are getting our structure, leaders, and congregation ready for all God has next as we stretch towards creating space to be a campus of 300. We are focusing on deeper discipleship, with a goal of getting at least 150 adults (75% of our regular adult body) connected into smaller groups like LifeGroups and Lifecentre College. With Lifecentre College coming, we are recruiting and equipping Year 1 teachers and admin support to host local classes in 2027/28.

We are also prayerfully looking at how we can expand the scope of our Mobile Mission to reach not just more people in our city, but deeper needs. To invest in the next generation, we are launching a Leaders in Training (LIT) program, while we also start the prayer, planning, and vision work for an eventual third Sunday service.

Finally, we know long-term fruit requires healthy leaders. Over this next year, we will be preparing our leaders through leader care, team expansion, and hands-on leadership development to keep our serving culture strong, healthy, and sustainable.

God is preparing something truly special in Cornwall, and as we follow the Holy Spirit, we know the best is yet to come!

Attendance/Generations/Giving/Stewardship

- 18% growth in attendance in the last ministry year. As members, we need to lead the way in servant leadership and hospitality.

Independent Auditor's Report

To the Council members of
The Life Centre Christian Fellowship

Qualified Opinion

We have audited the financial statements of The Life Centre Christian Fellowship (the "Centre"), which comprise the statement of financial position as at June 30, 2026, and the statements of changes in net assets, operations and cash flows for the year then ended, and a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of The Life Centre Christian Fellowship as at June 30, 2026, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

In common with many not-for-profit organizations, the Centre derives revenue from donations, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the Centre. Therefore, we were not able to determine whether any adjustments might be necessary to Sunday weekend services, designated income and various activities, excess of revenues over expenses, and cash flows from operations for the years ended June 30, 2026 and 2025 , current assets as at June 30, 2026 and 2025, and net assets as at July 1, 2025 and 2024 and June 30, 2026 and 2025. Our audit opinion on the financial statements for the year ended June 30, 2025 was modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Centre in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

BDO Canada s.r.l./S.E.N.C.R.L./LLP, une société canadienne à responsabilité limitée/société en nom collectif à responsabilité limitée, est membre de BDO International Limited, société de droit anglais, et fait partie du réseau international de sociétés membres indépendantes BDO.

BDO Canada LLP, a Canadian limited liability partnership, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

Other Matter - Supplementary Information

We draw attention to the fact that the supplementary information included in Schedules 1, 2 and 3 does not form part of these financial statements. We have not audited or reviewed this supplementary information and, accordingly, we do not express an opinion, a review conclusion or any other form of assurance on this supplementary information.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Centre's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Centre or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Centre's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centre's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Centre's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Centre to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. Accounting Policies

Purpose of Organization	The Life Centre Christian Fellowship (the "Centre") is a not-for-profit organization incorporated without share capital under the Canada Not-for-profit Corporations Act. They are a member of The Pentecostal Assemblies of Canada. The Centre's priorities of mission are the establishing of this local church as well as supporting ministries in the National Capital Region, throughout Canada and abroad. The Centre is a registered charity and, as such, is exempt from income taxes and may issue income tax receipts to donors.
Basis of Accounting	The Centre applies the Canadian accounting standards for not-for-profit organizations.
Use of Estimates	The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses for the year covered. The main estimates relate to the estimated useful lives of tangible capital assets and pension obligation.
Revenue Recognition	The Centre follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred, which may result in deferred contributions. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Rental income is recognized on a monthly basis in accordance with the various rental agreements and when collection is reasonably assured.
Inventory	Inventory, consisting entirely of goods for resale, is valued at the lower of cost and net realizable value. The cost is determined on a first-in, first-out basis. There is $49,667 recorded in Ministry expenses on the statement of operations.

1. Accounting Policies (continued)

Financial Instruments

Arm's length financial instruments are recorded at fair value at initial recognition. Related party financial instruments are recorded at cost at initial recognition.

In subsequent periods, financial instruments are reported at cost or amortized cost less impairment. Transaction costs on the acquisition, sale or issue of financial instruments are expensed for those items measured at fair value and charged to the financial instrument for those measured at amortized cost.

Financial assets are tested for impairment when indicators of impairment exist. When a significant change in the expected timing or amount of the future cash flows of the financial asset is identified, the carrying amount of the financial asset is reduced and the amount of the write-down is recognized in net income. A previously recognized impairment loss may be reversed to the extent of the improvement, provided it is not greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously, and the amount of the reversal is recognized in net income.

Tangible Capital Assets

Tangible capital assets are stated at cost less accumulated amortization. Contributed tangible capital assets are recorded at fair value at the date of contribution. Amortization is provided on the basis of their useful lives using the following method and annual rates:

Buildings	2% straight-line basis
Equipment and furniture	10% straight-line basis
Computer equipment	20% straight-line basis
Parking lot	8% straight-line basis

Impairment of Long-Lived Assets

Long-lived assets are tested for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized when their carrying value exceeds the total undiscounted cash flows expected from their use and eventual disposition. The amount of the impairment loss is determined as the excess of the carrying value of the asset over its fair value.

Contributed Services

The Centre would not be able to carry out its activities without the services of the many volunteers who donate a considerable number of hours. Because of the difficulty of compiling these hours, contributed services are not recognized in the financial statements.

1. Accounting Policies (continued)

Contributed Materials	Contributed materials which are used in the normal course of the Centre's operations and would otherwise have been purchased are recorded at their fair value at the date of contribution.
Deferred Contributions Related to Tangible Capital Assets	Contributions relating to tangible capital assets are accounted for as deferred contributions and amortized on the same basis as the related tangible capital assets.
Employee Future Benefits	The Centre has a defined benefit pension plan. The defined benefit obligation is determined using an accounting valuation prepared for funding purposes. The total cost of the defined benefit plan for the period is comprised of the current service cost, finance cost, and remeasurements and other items. Each of these components are charged to operations for the period.

6. Pension Obligation

As part of the acquisition of LifecentreCORNWALL (formerly At Thy Word Ministries Inc.), on September 1, 2018, the Centre acquired a pension obligation. The Centre committed to a monthly stipend in post-employment benefits to the Pastor Emeritus for the duration of her life. The Centre administers the contributory defined benefit pension plan. Based on the latest accounting valuation of the Plan, on a going concern basis as of June 30, 2026, the pension obligation is $148,000, of which $24,000 is reported as current.

As part of the acquisition of LifecentreCORNWALL in September 2018, the Centre agreed that the Church manse in Cornwall would remain the Pastor Emeritus' home for the remainder of her years unless she chooses to move. No consideration has been received.

7. Interfund Transfers and Internal Restrictions

The Centre's internally restricted resources are restricted for future Church planting, improvements and furnishings, fixtures and information technology upgrades. During the year, the Council resolved to restrict an additional $520,000. The balance in the internally restricted net assets as at June 30, 2026 is $1,020,000 (2025 - $500,000). The Council also restricted net assets invested in tangible capital assets for an amount of $4,206,666. These internally restricted amounts are not available for any other purpose without approval of the Council.

8. Significantly Influenced Not-for-Profit Organization

The Centre exercises significant influence over Lifecentre Foodbank since there is an intercharge of managerial personnel. Lifecentre Foodbank, which was created to provide food to those in need, is incorporated under the Canadian Not-for-profit Corporations Act. As a registered charity within the meaning of the Income Tax Act, it may issue receipts for charitable donations. Included in accounts payable and accrued liabilities is $18,476 payable to Lifecentre Foodbank as of June 30, 2026.

9. Land Lease and Taxes

The lease for the property on which LifecentreORLEANS is located is registered in the name of the Centre. The lease is for a term of 52 years beginning in 1992, from the National Capital Commission. The Centre pays an approximate annual amount of $3,900 towards land lease and taxes.

10. Financial Instruments

Credit risk

The Centre is exposed to credit risk arising from all of its bank accounts being held at one financial institution and deposits are only insured up to $100,000. There were no changes in this risk during the year.

Interest rate risk

The Centre is exposed to interest rate risk arising from the possibility that changes in interest rates will affect the fair value of fixed income investment. There were no changes in this risk during the year.

11. Comparative Amounts

For comparison purposes, certain items of the previous year have been restated to reflect the financial statement presentation adopted in the current year.
